March 19, 2008

To the Parents/Guardians of 4th grade students,

In previous years, students were required to have a physical examination and up to date immunization records within one year of entering 5th grade. **The State of Illinois has changed the *physical examination* requirement.** The physical examination is now required for 6th grade along with the dental examination.

The immunization requirements remain the same as previous years. Students must have completed their Hepatitis B series **prior** to entry into 5th grade. You will receive a letter from your school nurse if this series is not on file.

If you have any question, feel free to call me at Moye School (206-2300), or the nurse in your child's building.

Sincerely,
Susan Suedmeyer
