

Reading Counts

Scholastic Reading Counts is a reading motivation and management program that helps encourage and monitor independent reading. This program was purchased and is supported by PTO.

Students select a Reading Counts book (colored dots on spine of book), read the book at their own pace, and then take a short quiz on the computer to verify comprehension.

At Moye, we use Reading Counts as a supplemental reading program.

When students pass a quiz, they receive a slip to sign and place in a drawing for prizes. Random drawings for prizes are held each quarter during the year.

At the end of the school year, certificates and prizes will be given to students with the highest points.
